

PEGAS[®]

CRAFTAP SMART

Innovative device for beer dispensing
in glass and metal bottles
right by the customer

Barmen's Killer

Imagine that within few seconds you can fill practically any bottle with fresh keg beer without foam and loss of beer quality. And all this with a touch of a button.

Previously, you needed a barman with 10 years experience.

And now...

Meet a unique automatic beer dispensing device CraTap Smart from PEGAS, the world leader in beer-take-away-segment.

Key Advantages

- Save Beer technology – fast foam free dispensing
- 3 preset bottle volumes for beer pouring
- Easy button regulation
- Adjusting of dispensing speed and gas supply
- Ergonomic design
- New opportunities for branding

PEGAS Save Beer Technology

The main approach
is the counter pressure

Before dispensing, the bottle is filled
with the gas that allows:

- To bring down to a minimum gas losses in beer
- To keep factory taste of the beverage
- To sell all the beer without leftovers in keg and zero drainage output

With PEGAS devices, dispensing is always fast and foam free. Even in the hottest weather!

Button Regulation

Regulation is carried out via buttons located on the electronic panel.

Now you do not have to lose your time and control dispensing.

More free time – higher speed of customer service!

Ability to Fill Metal Containers

Ability to sell beverages not only in glass bottles but also in metal ones now you can program dispensing characteristics!

Dispensing Programming

- Selecting of units of measure used in your country
- Programming of 3 most common volumes
- Speed calibration depending on beverage density

Compact and Stylish

Intended for mini-breweries,
bars, pubs, and beer restaurants

Opportunities for Your Brand

Removable panel allows you to place the logo of your bar or of the beer sort on the rear cover. It would draw attention to your brand and add element of elegancy to you interior.

As every CrafTap device, electronic model is completed with protective transparent cover that makes its use absolutely safe.

Happy Sales!
